Taylor Nicole Snyder wins at Pomona!

**CHAMPIONSHIP OFF ROAD RACING
LOS ANGELES, CA. APRIL 26-27 2008**

The Pomona Fairplex in Los Angeles was the stage for the opening race of the 2008 Championship Off Road Racing season. With a crowd of over 10,000 people per day as well as Speed Channel and NBC filming the weekends racing the season opener was set for nothing but excitement, media participation and great racing.

The ProComp Motorsports team was in attendance in full force and ready to take on the new track and the excitement of the season opener. Taylor Nicole Snyder representing in the new CORR Junior 2 Kart Class was as well ready to do her part in the number 427 ProComp Trophy Kart. Saturdays opening day race was filled with energy and anticipation as new and old competitors sized each other up for the weekends as well as '08 season racing. Taylor having qualified 4th in the Friday night qualifier race was in a good position to mix it up with the class. Saturdays 10 lap race was non-stop action with the top 5 cars swapping positions back and forth. Taylor was right in the top 5 mix and even with all the obstacles (IE.. real fast competition from Alumicraft, LaPaz Racing , Mastercraft and others), Taylor crossed the finish line in 4th against the 20 car field..... A great way to start off the weekend as well as the season.

Sundays main event was nothing less with the same top 5 cars battling lap after lap for the lead. By mid race, Taylor Nicole and her number 427 Trophy Kart were running hand in hand with the leader. Lap 8 however made the difference in the race with Taylor taking the lead, the checkered flag, her first podium finish in 2008 and the WIN.

A special thanks goes out to all Taylor's TNS Racing friends. Without the help of great people and products such as ProComp Suspension, Mastercraft Seats, OMF Performance, AG Sand Cars, Fox Racing Shox , EnFuego Industries and many more, the road to the top spot on the podium would be a whole lot tougher.
